JPMorgan Funds - Global Dynamic Fund

Reason for changes

As a result of the ongoing review of the sub-fund, the overall risk being taken in the sub-fund will be reduced through the reduction of its active regional weights and tracking error relative to its benchmark. As a result, the reference to "aggressively managed" will be removed from the investment objective. The name of the Fund will change from JPMorgan Funds - Global Dynamic Fund to JPMorgan Funds - Global Equity Fund. The reference to "concentration risk" and "significant positions in specific sectors or markets" will also be removed from the Policies and Main Risks section of the prospectus respectively. Further, the sub-fund has not and does not intend to take significant positions in Emerging Markets so the reference to the associated risk will also be removed.

At the same time as the changes above, the Annual Management and Advisory Fee for all share classes will be reduced per the table below, as well as the Distribution Fee for the D and T share classes.

Please note that the sub-fund's investor profile remains unchanged and it may still bear little resemblance to its benchmark.

Risk/reward level SRRI unchanged
